

The 5th International Conference on *Natural Resource Management and Public Policy* Mid-November 2023 · Wuhan, China

Background

We are delighted to announce the upcoming 5th International Conference on Natural Resource Management and Public Policy, scheduled to take place in mid-November 2023 in Wuhan, China.

This conference, organized by Huazhong Agricultural University, will provide a platform for researchers and professionals from diverse scientific fields to share their latest advances and research findings in the realm of natural resource management. This conference aims to delve into the interconnected issues and devise effective countermeasures to ensure the sustainable supply of natural resources in China or across the world.

We cordially invite researchers, policymakers, and stakeholders with a vested interest in natural resource management to join us at this conference, as we collectively work towards a sustainable and resilient future.

Suggested Topics

Submissions are solicited on a wide variety of topics, including but not limited to:

- ✧ Urbanization and Land Function
- ✧ Land Management and Economics
- ✧ Natural Resource Management under Climate Change
- ✧ Agricultural Economy
- ✧ Sustainable Rural Living Environment
- ✧ Rural Infrastructure Resilience
- ✧ Pro-environmental Behaviours
- ✧ Local Governance and Natural Resources Management
- ✧ Public Policies and Natural Resources Management
- ✧ Educational Policies and Management

Registration

The conference warmly welcomes researchers and experts from all corners of the world. Participation in the conference is free of registration fees; however, all interested participants are kindly requested to email ggxyfy@163.com for registration.

Submission Guidelines

- All participants are required to submit abstracts of their research papers in advance.
- The submitted abstract should be formatted following the style of the *Journal*

of Asian Public Policy or Land Use Policy.

- **Please submit your abstract to: ggxyfy@163.com (via email).**
- All submissions will go with the peer-reviewed process.
- Once your submission is accepted, please present your work at the conference (preferably with the full research paper).

Proceedings and Certificates

Based on the quantity and caliber of submitted papers, the organizer may consider publishing a curated selected conference papers as a special journal issue. Participants can request the Conference Certificate provided by the organizer.
